PAPER

Stamper's Select White Cardstock
Perfect Match Smokey Shadow Cardstock

INK

Cocoa Bean

OTHER

Distress Oxide Sprays - Spun Sugar, Spiced Marmalade
Distress Mica Stains - Sugary Gumdrop, Holly Branch

INSTRUCTIONS

STEP 1:

Spray white card stock with a few different colors of Distress Oxide spray and Distress Mica Stain. Be random with it. Heavy in some spots, lighter in others. You want speckles and splatters too!

STEP 2:

Use the dies from Leave It To Me to cut out many leaves from the dry sprayed card stock panels.

STEP 3:

Use Cocoa Bean Ink and the leaf vein detail layers to stamp onto the die cut leaves.

STEP 4:

Arrange the leaves onto a background panel. Have the leaves going around the outside of the panel with part hanging off the edge. Adhere the leaves in place and trim the overhang.

STEP 5:

Add a greeting to the center. I used the Larger Than Life: Fall die with a stamped sentiment. I stamped mine onto a plain white die cut leaf from the Leave It To Me set.
