# INSTRUCTIONS

## **STEP 1:**

Die cut and color all of the pieces you'll need for your wreath.

## **STEP 2:**

Hot foil a 4 x 5 1/4" piece of Soft Stone card stock with silver foil. Use the coolest setting for 15 seconds.

## **STEP 3:**

Glue wreath to foiled panel, and attach to a white A2 top-folding card base with foam squares.

## **STEP 4:**

Arrange holly berries and pine sprigs around wreath frame, using liquid glue and foam squares. Stamp and die cut the Season's Greetings sentiment and add it to the center of the wreath. Heat emboss the accent sentiment using the silver embossing powder on a black strip of card stock.

## **STEP 5:**

Add the finishing touches, like White Puff embossing powder, glitter, and details to the holly berries using a black fine-tip Sharpie marker.
